

UWL LED WITH NICHE

Gives the brightness you want for your pool. The classic underwater light with renovated brightness.

LED underwater lights have been designed to be used fully submerged underwater in fresh water swimming pools. Manufactured in polyamide and ABS, this light resists chemicals and temperature variations for years.

It is a class III electric apparatus with very low voltage for safety (12V with alternating current).

The LED lamp is a PAR56 that complies with IPX8 degree of protection (resistance to penetration of dust, solid bodies and humidity) at a nominal immersion depth of 2 m.

With our PAR56 lamp you can enjoy of 30.000hours(*) of LED brightness.

Using LED lamps you are environmental friendly. Comparing with a halogen lamp you are decreasing consumption and saving energy.

- Available for concrete and liner pools.
- Optional polished stainless steel face plate
- 30.000 hours LED lamp life
- Supplied in color and white light
- PAR56 lamps are available in 144Led bulbs and 252Led bulbs
- In the color 252Led bulbs model a remote control is optional

Specifications
